

Welcome!

Welcome to the Northern California Regional Finals of the Talent Quest National Karaoke Singing Contest. We have been holding our weekly contests for twelve weeks at local clubs and venues with many talented performers. Tonight's finalists represent the best of the best.

The top winner in each class--male, female and master (over 55) will win an expense-paid trip and entry fee to the Talent Quest Nationals in Laughlin Nevada in September 2012.

Ozcat Radio 89.5 FM is dedicated to promoting and preparing local artists and we intend to train and assist our winners in the months to come. We will also be following and supporting our finalists in their endeavors. I also expect to see each and every one of you in the Ozcat recording studio for your free sessions!

Your heartfelt performances have all made this challenge an amazing experience for myself and the entire Ozcat krewe, our listeners and audience members. We look forward to doing it all again next year.
